HERITAGE AWARDS 2022

The awards programme has been established to promote documentation of heritage buildings and sites of historic, architectural and cultural significance. The Council of Architecture guidelines also emphasize on this aspect in the teaching curriculum for all architectural colleges. It is important for students to physically document, understand, analyze and interpret historic structures, so that they inculcate sensitivity and appreciation for our heritage.

KEY OBJECTIVES

create awareness and develop interest among students and faculty for the preservation of the architectural heritage of India.

promote love and care for our heritage by exploring and analyzing its various architectural, cultural, historic and social aspects.

encourage a unique way of learning by documenting and drawing on a practical hands-on basis.

emphasise on the fact that in-depth understanding of a heritage site can add to a full and complete experience of the site.

establish a relationship between documentation – understanding – analysis – interpretation – presentation.

provide exposure to traditional building knowledge systems, materials and techniques.

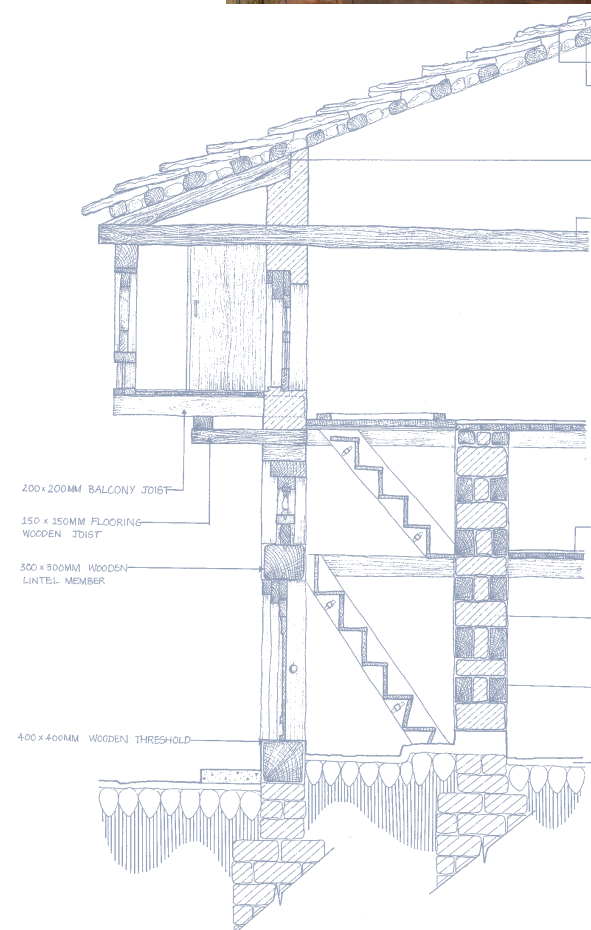

value and preserve arts, crafts and skills associated with heritage sites.

develop resource material for protection and conservation of architectural heritage.

develop resource material for further study and research in this field.

create a forum for exchange of ideas, views and experiences.

disseminate this knowledge and documentation material by way of publications, events, exhibitions and workshops.

REQUIREMENTS

The INTACH Heritage Awards (HA) programme will be conducted in accordance with the [submission guidelines](#) provided by INTACH Heritage Academy.

Each documentation entry/ project must be submitted by the students of architecture colleges, affiliated with the Council of Architecture with due consent of the Head of the Department or Head of the Institute.

The location, scale, size and complexity of the Heritage building/ site to be documented is the choice of the institution as per their teaching curriculum and requirement. The participating colleges need to ensure that they have chosen an unprotected heritage site that has **not** been documented as a part of any of the earlier INTACH Heritage Awards cycles. The list of documented sites is available on the INTACH Heritage Academy website.

Registration forms for precise details will be available online on the website heritage.intach.org on August 25, 2022.
